Joy McCreary has been a part of the Glendale community her entire life. Born and raised in Crescenta Valley, she is a successful product of the Glendale Unified School District. Joy previously served on the GUSD School Board as the Student Board Member. She also served for four years on the Associated Student Body at Crescenta Valley High School, and was a founding member and President of the Crescenta Valley Youth Town Council. From an early age, Joy knew that she would dedicate her life to public service. She has spent the last decade putting that dream into action. After her time in GUSD schools, McCreary went to the University of California, Los Angeles to study Political Science so she could return to her community with a better understanding of the policies surrounding education. She will bring a fresh, new perspective, innovative ideas, and a critical eye for fiscal responsibility to the board, while advocating for students', parents', and teachers' needs.
